

OXY BOLT

CLEANING WITH THE POWER OF NATURE

Oxy Bolt Effervescent Liquid Powder is a concentrated, super-charged all-purpose cleaner, that's non-toxic, biodegradable, and safe for people and the environment. It can be used on any water safe surface.

Oxy Bolt Effervescent Liquid Powder's "bioaugmentation technology" employs all natural plant extracts and oxygen to boost the performance of microbes that exist in dirty, greasy and oily environments. Oxy Bolt Effervescent Liquid Powder utilizes "nature's scrubbers" that clean and restore the environment to its natural/original condition.

Oxy Bolt Effervescent Liquid Powder is a genuine concentrated "all purpose" cleaner, with bio-remediation that cleans almost anything.

- Eliminates organic stains and odors.
- Removes more grease, oil & grime than other industrial cleaners.
- pH neutral, use on any "water safe" surface.
- Will not harm hard or soft surfaces.
- Will not harm tools or equipment.
- Leaves no film behind. Keeps cleaning even when you're done!
- 80% savings on average over other cleaners.
